

## YSC Policies

Payment is due at the time services are rendered or can be made ahead of time.

Payment may be made via cash, check or Venmo transfer (contact YSC for information).

Parents are encouraged, if they wish, to stay for their child's FIRST lesson. However, after this, it is generally preferred that parents drop off their child for class, rather than stay at the location while class is being held.

A 24-hour notice is expected if your child is unable to attend class. If a 24-hour notice is not given, you will be charged for the cost of the missed lesson. As an alternative, you may schedule your child for a make-up lesson.

An exception to the 24-hour-notice policy is granted if your child is not feeling well, as you may not always know ahead of time.

You will not be charged for the lesson missed if 24-hour notice is given or if your child is sick and unable to attend. You will not be required to schedule a make-up lesson unless you desire to do so.

I have read and understand the above policies.
